

## Year 2 Newsletter

We have done so much in the last term. We have got used to virtual learning, submitting work online and then this week we have returned to school!

Even though we have done a lot of learning online we have still made sure we developed our knowledge in every subject.

Keep reading to find out what we have done in every subject....

### English

We wrote a diary about our experiences in the past tense about lockdown. The children learnt which features they needed to include and adding suffixes in the right places.

### Maths

We have focussed on learning what a  $\frac{1}{2}$ ,  $\frac{1}{4}$ ,  $\frac{3}{4}$  and  $\frac{2}{4}$  of a fraction is. The children used this within shape and length. The children also recapped this practically by cutting up toast! They really enjoyed this fun activity as a 1/1 class!

### Computing

In Computing we have focussed on learning to use the left and right buttons on the mouse. We have also looked at copying and pasting.

### Art

In Art we've focussed a lot on drawing and we've loved Drawing with Rob!

### PSHE

Every week we've had Wellbeing Wednesday and chosen some activities including baking, writing down our worries and making proud clouds.

### Music

In Music we focused on finding the pulse. We are so much better at this now!

## RE

This half-term we have looked at Christianity. We looked at what Lent is, how important the Bible is to Christians and where Christians worship.

## PE

We have focussed gymnastics techniques. Now we can do various types of jumps and rolls.

## Science

We looked at the difference between humans and animals then what are living, dead or alive now we have just finished comparing the different types of habitats there are and what animals live in which habitats.

## Topic

We've just started our new topic last week. Every child was sent a video to watch and to think about what their new topic might be. The video was of houses burning and we had good suggestions such as learning about fire safety.

Our new topic is about The Great Fire of London and our question is, 'Was London better before or after the Great Fire?' we're going to do lots of work on this and Mr Hutton is even going to make bread with us!

*I wonder what else we will discover?*
