Dear Parents/Guardians,

E-Safety Information Parent Session

E-Safety is an important part of keeping children safe online.

We have security measures in place in school, which are constantly monitored, to help safeguard pupils from any potential dangers.

E-Safety is taught to all pupils explaining and demonstrating how to stay safe and behave appropriately online. We can only be successful in keeping children safe online if we work with you to ensure the e-Safety message is consistent.

Your help is needed to talk to your children about how they can keep safe and behave appropriately online.

The widespread availability and use of social networking application bring opportunities to understand, engage and communicate with audiences in new ways.

It is important that we are able to use these technologies and services effectively and flexibly.

You may find your children asking to engage with technology that you have no knowledge or experience of.

To support you with this, Miss Banks is holding an e-safety meeting on the Tuesday 28th February at 3:30pm where she will show you the 'new and up-coming' apps, their age restrictions, the dangers and how
we can all work together to ensure your children's safety. She will also go through some of the comments been made online by children and the potential consequences of these comments.

This is an adult only event, however, if child care is required I will do my best to accommodate this.

Please respond before Wednesday 15th February 23 via the Parent Mail app.

As a community we need to keep our children safe on and offline.

Best Wishes,
Red Hall Primary School
